OBJECTIVE

To gain practical experience in Operations Research by applying my skills in Python, data analysis, and machine learning, and to learn optimization techniques through real-world projects.

EXPERIENCE

Industrial Trainee – Data Science & Machine Learning

May 2025 – June 2025

RacksonsIT Developers Pvt. Ltd.

Ichalkaranji, MH

- Worked on data preprocessing, cleaning, and visualization using Pandas and NumPy.
- Implemented ML algorithms including regression and clustering to derive actionable insights.
- Developed a Hand Gesture Recognition system using CNN and OpenCV.
- Strengthened problem-solving and model optimization skills through iterative testing.

Industrial Trainee – Data Science

April 2025 – June 2025

Averixis Solutions

Remote

- Built ML models for regression, classification, and clustering on real-world datasets.
- Applied feature engineering and rigorous model evaluation techniques to improve accuracy.

Industrial Trainee – Python & Web Development

June 2023 – July 2023

iGAP Technologies Pvt. Ltd.

Kolhapur, MH

- Developed a Flask-based Laptop Price Prediction application with integrated ML models.
- Implemented backend logic and learned web architecture and deployment fundamentals.

PROJECTS

Research Paper–Based Project Idea Generator | *FastAPI, Python, arXiv API*

2025

- Built a backend service to process research paper data and generate structured API responses.
- Focused on readable, maintainable Python code and deployed the service on Render.

Google Play Store Data Analysis Web App | *Flask, Dash, Python*

2024

- Developed a web application to analyze app datasets with visual dashboards and efficient backend logic.

EduResultPro – Result Analysis System | *Python, Automation*

2023

- Designed an automated system for academic result analysis and evaluation logic.

EDUCATION

Sharad Institute Of Technology College Of Engineering

Ichalkaranji, MH

B.Tech in Computer Science & Engineering (CGPA: 7.55)

2024 – Present

Sharad Institute Of Technology Polytechnic

Yadav, MH

Diploma in Computer Science & Engineering (Percentage: 83.26%)

2021 – 2024

Lakshminarayan Malu Highschool

Jaysingpur, MH

Secondary (X), Maharashtra State Board (Percentage: 92.00%)

2021

TECHNICAL SKILLS

Languages: Python, Java, C++, JavaScript, HTML/CSS

Backend & Frameworks: Flask, FastAPI

Data & ML: Pandas, NumPy, Scikit-learn, CNN, OpenCV

Developer Tools: Git, GitHub, VS Code
